## UI/UX DESIGNER

Indore | sarika.kanetkar.official@gmail.com | +91-8319861065 | [Portfolio](#) | [LinkedIn](#)

UI/UX Designer with 4+ years of IT experience and an engineering background. Skilled in SaaS dashboards, mobile apps, and web portals. I Leverage Gen AI and prompt engineering to streamline workflows and research. Transitioned from tech/analytics to UI/UX, blending logic with creative design.

### AREA OF EXPERTISE

|                                   |                             |                                 |
|-----------------------------------|-----------------------------|---------------------------------|
| AI Powered Design                 | Figma, FigJam & Framer      | Responsive & Scalable UI System |
| User Research & Usability Testing | Interaction & Visual Design | HTML/CSS Familiarity            |

### KEY ACHIEVEMENTS

- Usability Enhancement** - Introduced scheduled parking, in-app navigation, and a virtual parking ticket UI for ParkZilla (US-based app & city portal), improving task efficiency by 30% and reducing user friction.
- User Satisfaction** - Revamped Capgemini's internal Governance Portal with simplified navigation and WCAG-compliant components, boosting satisfaction by 35% and enhancing accessibility for global teams.

### PROFESSIONAL EXPERIENCE

|                                                                       |                           |
|-----------------------------------------------------------------------|---------------------------|
| <b>Consultant UI/UX Designer</b><br><i>Enprosys Infotech - Indore</i> | <b>Jan 2025 - Present</b> |
|-----------------------------------------------------------------------|---------------------------|

- Led end-to-end design, user flows, wireframes, prototypes, and responsive UIs, backed by user research and usability testing ensuring smooth booking journeys across app and portal.
- Developed a scalable design system (typography, colors, components) and introduced innovative features like a virtual parking ticket UI, ensuring consistency and enhancing usability across app and portal.
- Partnered with developers and stakeholders, aligning designs with SDK components for smoother handoffs and facilitating workshops that streamlined approvals, reducing rework by 25%.

|                                                                         |                            |
|-------------------------------------------------------------------------|----------------------------|
| <b>Associate Consultant UI/UX Designer</b><br><i>Capgemini - Mumbai</i> | <b>Sep 2020 - Aug 2024</b> |
|-------------------------------------------------------------------------|----------------------------|

- Designed UX for internal enterprise portals to revamp the SaaS-based Governance Portal UI, enhancing navigation and increasing user satisfaction scores by 35%
- Integrated WCAG-compliant components in Admin dashboards, ensuring accessibility across roles
- Designed a Server Monitoring Dashboard on Figma with real-time alerts and Rules Engine Framework for form validation, improving issue detection by 40%
- Managed data center network operations and cluster KPIs for North America region
